# ABOUT

Founded in 2016, Enov Sport is a dynamic Quebec-based company dedicated to designing cutting-edge sports training equipment. Our goal is to help athletes, coaches, and organizations maximize performance through innovative and engaging training tools.

Our mission is to elevate training excellence through innovative products and training solutions.

The Enov Shooter Tutor helps players improve their skills while making every training session more exciting and enjoyable.

# OUR SHOOTER

## The Enov Shooter Tutor

The Shooter Tutor is designed to simulate the presence of a real goaltender, allowing players to practice shooting in realistic game situations.

This innovative training system helps players improve:

- shooting accuracy
- reaction time
- decision-making
- shot placement

With its interactive reaction lights, the Shooter Tutor transforms shooting practice into a dynamic and competitive training experience.

More than just equipment, it brings creativity and excitement to every training session.

# UNIQUE DESIGN

THE ENOV SHOOTER TUTOR FEATURES A DISTINCTIVE DESIGN THAT SETS IT APART FROM TRADITIONAL SHOOTING TARGETS:

01

**5-panel modular structure**

02

**Impressive 3D goalie silhouette**

03

**Self-supporting design  
for quick setup**

04

**Adjustable positioning  
in front of the net**

05

**Realistic simulation of a goaltender**

06

**Interactive reaction lights**

# UNIQUE BENEFITS

THE SHOOTER TUTOR PROVIDES SEVERAL KEY ADVANTAGES FOR PLAYERS AND COACHES:

01

**Creative and engaging training sessions**

02

**Interactive drills**  
improving reaction time

03

**Personalized development opportunities**

04

**Progressive skill improvement**

05

**Increase motivation and player engagement**

06

**Enhance shooting accuracy and confidence**

ENOV  
SPORT

## Pro series

Developed in collaboration with Nick Suzuki, captain of the Montreal Canadiens (NHL), the Shooter Tutor Pro is designed to challenge elite players from M18 AAA to the NHL level.

## School, outside rink, hockey arena

The Series 200 is ideal for practices or scrimmages when a goaltender is not available.

Placed directly in front of the net without additional support, it effectively simulates the presence of a real goalie, allowing players to continue practicing their shooting skills.

## Junior series

Designed for passionate hockey players who want to improve their shot while having fun, the Shooter Tutor Junior captures the essence of the professional model in a lighter and more accessible version.
